Professional Summary

Dynamic **Full Stack Developer** and MCA Candidate with hands-on experience in the **MERN stack**, Python, and WordPress. Currently a Full Stack Intern at Red Star, specializing in bridging complex backend logic with intuitive, mobile-first frontend design. Passionate about building scalable, user-centric web applications.

Technical Skills

- **Frontend:** React.js, JavaScript (ES6+), Tailwind CSS, Bootstrap, HTML5, CSS3
- **Backend:** Node.js, Express.js, Python, RESTful API Development
- **Databases:** MongoDB (NoSQL), SQL (Relational), Schema Design
- **Tools:** Git/GitHub, Postman, VS Code, Vercel, Netlify, WordPress

Professional Experience

Full Stack Developer Intern | Red Star, Baddi | Jan 2026 – Present

- **UI/UX Engineering:** Building responsive, mobile-first interfaces using React.js and Tailwind CSS to enhance user engagement.
- **API Architecture:** Developing server-side logic and managing high-speed RESTful APIs with Node.js for seamless data integration.
- **Agile Workflow:** Collaborating in daily stand-ups and utilizing Git for robust version control and team collaboration.

Technical Projects

- **Real-Time Chat App:** Built a bi-directional messaging platform using Node.js, Socket.io, and MongoDB. Implemented instant delivery features and persistent message history.
- **Idea-Quora:** Developed a Q&A community hub featuring real-time content rendering and structured user interactions. Focused on efficient data fetching and state management.
- **E-commerce Storefront:** Architected a responsive UI with a dynamic shopping cart and optimized checkout flow using JavaScript and CSS3.

Education & Certifications

- **Master of Computer Applications (MCA):** ICFAI University | 2024 – 2026
- **Bachelor of Computer Applications (BCA):** ICFAI University | 2021 – 2024
- **Professional Diploma in Full Stack Development:** Edusphere | 2024
- 12-month intensive program focused on the full software development lifecycle (SDLC).
